Prospectus for International Students

2023 Autumn

Our International Students

About university

Nanchang Institute of Technology (NIT), a public university, is located in Nanchang, capital of Jiangxi Province in the east central of China. NIT covers a land area of 136.5 hectares, and owns Yaohu Campus and Pengjiaqiao Campus. NIT boasts beautiful scenery, pleasant environment and excellent educational and teaching resources.

As a tertiary educational institution, NIT specialises in multidisciplinary education of engineering, management, science, agriculture, liberal arts, economics, fine arts etc. and has distinctive characteristics in the discipline of water conservancy and electric power. With over 19,000 full-time students among which we have 997 postgraduate students, and more than 1500 staff members, NIT proudly offers 57 undergraduate programmes such as Water Conservancy and Hydro-power Engineering, Civil Engineering, Mechanical Design, Manufacturing and Automation, Communication Engineering, E-commerce, Financial Management, International Economy and Trade, Musicology etc. and 13 postgraduate programmes such as Water Conservancy Engineering, Information and Communication Engineering, and Management Science and Engineering, Civil and Hydraulic Engineering, Forestry, Machinery, Energy and Power, Electronic Information, Business Administration, Applied Statistics, Publication, Art and MTI (Master of Translation and Interpretation) etc. Moreover, 5 state-level sci-tech research platforms, and 15 provincial-level key laboratories or engineering research centers in NIT facilitate and support its high quality education.

Overview

NIT provides both undergraduate and postgraduate programmes for international students in fall 2023 (refer to Enrollment Programmes). The duration for postgraduate programmes is 3 years, and that for undergraduate programmes is 4 years. Students who successfully complete all the credits, dissertation and pass thesis defense will be conferred with Graduation Certificate and Degree. The mode of study is full-time.

Enrollment Category

Undergraduate Students:

four-year duration, beginning in September

Postgraduate Students:

three-year duration, beginning in September

Entry Requirements

All the applicants must be non-Chinese citizens over 18 years old, holding valid foreign passports, with healthy body and good behavior, without criminal records, and willing to obey the Chinese laws and regulations of NIT, and respect the norms and customs of Chinese people.

Other entry requirements include:

1. Undergraduate Students

- (1) Students are required to have the education degree of senior high school and above recognized by Chinese Embassy, generally with GPA of over 70 or ranking in the first 30% of the graduated school.
- (2) Minimum level of HSK 4 is required. Applicants whose Chinese proficiency does not reach HSK 4 need to study Chinese in the first academic year and then start their programme studying after reaching HSK4 or above.

2. Postgraduate Students

- (1) Students are required to hold bachelor's degree recognized by Chinese Embassy, to pass the interview of the NIT expert group.
- (2) Minimum level of HSK 4 is required. Applicants whose Chinese proficiency does not reach HSK 4 need to study Chinese in the first academic year and then start their programme studying after reaching HSK4 or above.

Application Procedures

Period of Application: from November 20, 2022 to June 30, 2023

Note: If you intend to apply for scholarship, please submit relevant materials as required before April 30, 2023.

Application Requirements

Applicants shall submit the application via email to the International Office of NIT (Email address: international.office@nit.edu.cn). The application materials include:

- 🌸 Application Form of Nanchang Institute of Technology for International Students and Curriculum Vitae of International Students in Nanchang Institute of Technology
- 🌸 Scanned passport
- 🌸 The highest education certificate (certified by Chinese Embassy)
- 🌸 Academic Transcript
- 🌸 Foreigner's Physical Examination Form
- 🌸 Police Character Certificate (certified by Chinese Embassy)
- 🌸 Results of Chinese language Test (HSK)
- 🌸 Proof of funds

NIT will verify the materials submitted by the students online to decide whether admitting the applicant. Meanwhile, please pay attention to the following matters:

1. Interview is required for postgraduate applicants. We will arrange online video interview after verifying the materials. We will inform you of the contents and requirements for the interview via email. Please reply at your earliest convenience.
2. During the period of materials verification, we will email you the admission result. If your application materials are not complete, we will email you the additional materials needed.
3. The admitted applicant will receive a Letter of Admission and Visa Application for Study in China (Form JW202) sent through international express service. Due to the uncertainty of delivery time of international express service, it will take at least 4 weeks from the applicant admitted to the arrival of the letter of admission.
4. The admitted students should register in NIT as scheduled with the Letter of Admission, Form JW202, original documents of the latest education certificate and academic transcript. If failing to get the visa in time, the student shall contact our office for help in order to get the visa as early as possible.

Admission

After receiving the complete materials of the applicants, NIT will verify your materials and admit the outstanding ones. After the applicants are admitted, we will issue print-out Letter of Admission and Visa Application Form for Study in China (Form JW202) to students.

The admitted international students shall go to Chinese Embassy (Consulate) in your countries to handle visa for study in China (X1) with passport, Letter of Admission and Visa Application Form for Study in China (Form JW202) etc. and complete registration in NIT with the above materials as well as the original documents of the latest education certificate and academic transcript as the date stipulated in the Letter of Admission. We will cancel the student's study qualification if we find any fraud in the above materials.

Students must inform us of the arrival date before coming for registration so that we can make relevant preparations. We offer pickup service for international students arriving within the specified time FOR FREE. Please tell us the detailed arrival information via email (internationaloffice@nit.edu.cn) three working days in advance. Please avoid coming for registration on vacations or weekends or at nights so as not to delay your registration procedures.

We will organize the admitted students to attend enrollment verification organized by us within one week after registration, and no school record registration will be offered for those who fail in the verification. We will organize the admitted students to accept physical examination in Jiangxi Entry-Exit Inspection and Quarantine Bureau within one month after registration, and no school record registration will be offered for those who are disqualified for the physical examination and they will be repatriated immediately.

Registration

The registration time is different period every year according to the beginning of term, and NIT will specify the registration time in the Letter of Admission. Due to the continuous updating of relevant measures for the epidemic prevention and control, there may be changes in the registration procedures which will be subject to the latest notice of our office via email (internationaloffice@nit.edu.cn). The registration requirements are as follows:

1. Please bring all the original documents specified in the “Notes” of the Letter of Admission for inspection.
2. After obtaining the visa, an email must be sent to NIT to confirm the registration matters concerned.
3. Admitted students need to observe any policies and rules of Covid-19 epidemic prevention and control from governments and university.
4. After the entry isolation is completed, according to relevant stipulations on epidemic prevention and control, under the premise of obeying relevant arrangement for the epidemic prevention and control, please come to NIT for registration immediately and you are not allowed to stay in other places without a justifiable reason. If you need to stay in other places due to the epidemic prevention and control, you must timely notify NIT and show condition explanation. After arrival at NIT, please obey our stipulations on the epidemic prevention and control. In case of any adverse consequence caused by the violation of relevant stipulations on the epidemic prevention and control, students shall bear all the responsibilities.

5. Non-working time is not available for registration, and it includes weekends, nights, holidays and festivals. If students arrive at NIT in non-working time, causing failure to handle accommodation registration or other problems, students shall bear all the responsibilities.
6. NIT requires all the students to pay tuition, accommodation fee and insurance expenses at the time of registration. These costs will not be deducted from the scholarship. Please make financial arrangement before entering the territory of China.
7. The program the student enrolled in, instruction languages, and fee standards in NIT are subject to the Letter of Admission of NIT. If you have any questions, please send emails to NIT for confirmation.
