

2022-2023 Admission Brochure for International Students of Gansu University of Chinese  
Medicine

### **About Gansu University of Traditional Chinese Medicine**

**Gansu University of Chinese Medicine, jointly established by Gansu Provincial People's Government and National Administration of Traditional Chinese Medicine, is a "Pilot Reform of Education and Training Plan for Excellent Doctors (Traditional Chinese Medicine)" approved by the Ministry of Education and National Administration of Traditional Chinese Medicine, providing "Chinese Government Scholarship" for overseas**

students and integrated "5 +3" education for Chinese medicine majors.

The school has Heping Campus, Wulipu Campus, Dingxi Campus and Gannan Campus, and each campus plays a different role respectively: education base for undergraduate talent, education base for high-level talent and adults, training base for applied professional talent and training base for ethnic medical talent.

Our headquarters has 20 teaching institutions, 4 directly affiliated institutions and 3 scientific research institutions. There are 4 directly affiliated hospitals, 8 non-directly affiliated hospitals and 125 practical teaching bases (including 10 affiliated hospitals). The university is equipped with 10 provincial teaching teams and 6 provincial experimental teaching demonstration centers. At present, it enrolls students from 15 provinces

(autonomous regions and municipalities directly under the Central Government). The university now has 15,990 full-time students, including 11,997 undergraduates, 1,662 junior college students, 1,993 graduate students, 125 doctoral students and more than 120 international students, with the employment rate of graduates remaining above 90% for years. Our university is the only Chinese medicine university with the right to confer doctoral degrees in Northwest China.
